Dear Mrs. Madhu and Montessori Park Point Staff

We remember when we first met almost 7 years ago when you were just opening the school with barely six little students; our Juliana was the 7th on your list. Since the first moment you transmitted to us confidence, security, professionalism, but over all these feelings, we perceived enormous love and compromise for your job and for those little and fortunate kids.

We are witnesses of how Park Point Montessori School has been growing over these years and it is amazing how you still make each and everyone of your 70 students feel how special they are.

The successfulness of the school is not only the Montessori philosophy, but also the wonderful staff that you have wisely selected, as they are excellent professionals. Furthermore, we consider them as our truly friends, in which hands we leave our daughters with the confidence that they will be warmly comforted or disciplined when necessary.

Thanks to you, Juliana has successfully dealt with the challenges of a big school. She is an excellent student with moral values firmly established. Isabella enjoyed with you a very important year of her life where she learned many things but more important, it was her first scholar experience that was full of love and care.

Thanks Miss Shamina, Miss Asha, Miss Mehmet, Miss Farrah, Miss Suzy, Miss Myra, Miss Almira, Miss Leyla, Miss John, Miss Sofia, Miss Molly and all the teachers for your devotion, for your knowledge, for your warmth and for being wonderful women.

We wish you the best. In your hands you have an enormous responsibility with the future generations. We leave your school with remembrance of precious people and important moments; you will be always in our hearts.

Thanks.

Sincerely,

Carlos, Karen, Juliana & Isabella Barcenias
